

Wilderness Pack Trip Checklist

Prepare for your upcoming adventure into the stunning Yellowstone or Wind River Backcountry with this comprehensive checklist to ensure you're well-equipped. While we take care of some of the finest cooking you'll ever experience, the following list covers everything you'll need for a comfortable journey.

Please tailor the amount of clothing based on the duration of your specific trip; this checklist is designed for an average 5 to 7-day pack trip. Your convenience and enjoyment are our priorities, and this list ensures you have all the essentials for an unforgettable wilderness experience.

Suggested List

<ul style="list-style-type: none"> • 1 pair walking boots or shoes • 1 pair tennis shoes or slippers for camp • 3 lightweight shirts • 1 heavy weight shirt, sweater, or vest • 3 pair of jeans • 1 medium weight coat • 1 pair of socks for each day • underwear • 1 set of long underwear • hat • gloves • 1 complete set of rain gear towels and washrags 	<ul style="list-style-type: none"> • toothbrush, shampoo, soap, etc. • sunscreen - chap stick • sunglasses • insect repellent • personal medications • small flashlight with extra batteries • sleeping bag • air mattress or pad • camera and plenty of film • fishing equipment fishing license (can be purchased on arrival)
--	--

We supply all the riding equipment necessary for the trip. Your sleeping bag should be made of a warm down or high-quality fiberfill; mummy type bags work best. The temperature rating of your bag is a personal preference, but you should consider that we could get frost in all months in the high country.

Pack all personal gear in soft duffel bags (no suitcases or hard bags). Please keep all gear and personal items to a minimum by not exceeding 60 pounds per person. Two bags that weight 30 pounds each are ideal. We recommend your bags be approximately 12" x 12" x 24". Since the duffel bags are lashed tightly on the pack

animals for extended hours, be sure to pack fragile items carefully. If you have specialty items to be packed, please contact us prior to your trip. Your co-operation is appreciated.

Your coat, jacket, or rain gear, depending on the weather, will be carried on your saddle horse. Once on the trail, we do not unload any pack animals until we get to the campsite. So be sure to keep on your person any items that may be used while on the trail (sunglasses, camera, etc.).
